**Subject : Sampling and analysis of organic products under National
Programme for Organic Production (NPOP)**

Dear Sir,

Your laboratory has been recognized for sampling and analysis of APEDA scheduled products for export certification.

Based on the comprehensive competence of your laboratory which includes residues of pesticides, heavy metals, aflatoxins, drugs & antibiotics, micro biological parameters and genetically modified organisms (as per Scope) in fresh & processed food products, your lab has been authorized for Sampling and analysis of organic Products w.e.f 7th December 2016.

You are required to carry out sampling of products of plant origin as per the methods established in this regard for organic products certified by an accredited Certification Body under NPOP for determination of unauthorized compound in organic products.

Your lab would also be required to upload all analysis reports in APEDA website in PDF format.

Yours faithfully,

Dr. Tarun Bajaj
General Manager
